

# IFES Daily Prayer Guide

APRIL - MAY 2020

IFES is generations of students, staff and volunteers investing in the next generation. The legacy they left and continue to leave is new generations of Christian students enthused about making Christ's name known. With global student numbers forecast to expand significantly, your support is vital in reaching and discipling students, in pioneering, supporting and strengthening national movements.

**As you plan for the future, will you consider leaving a different kind of legacy to help future students?**

You can download more information from [ifesworld.org/legacy](https://ifesworld.org/legacy), or contact IFES to request a leaflet.

## DEAR FRIENDS

It has been wonderful over the last few weeks to read reports from outreach events and mission weeks run by IFES national movements. We have heard about strong relationships being built at ski camp in Romania, long conversations about deep questions in the Netherlands, international students touched by the warmth of Christian community in the UK, students joining seeker Bible study groups in Ireland and choosing to follow Christ in Ghana.

Please pray that Christian students who have seen God working on their

campus would have new enthusiasm to share their faith — like Andrew, a GHAFES Ghana student: "I thank God for the training I received which motivated me to share the gospel with my non-Christian friends who subsequently made commitments to follow Jesus. Campus Missions Week helped me to understand the work of God as a child of God."
